On the left is a sidebar with folders: Unified Inbox (99), Unified Drafts, Unified Sent, Unified Trash (13), Unified Spam, Unified Outbox, and Unified Archive (99). The main area shows a 'Unified Inbox (99)' with a search bar and a list of emails. The top email is from 'Sonus-Complete' to 'ksylou@gmail.com' with the subject 'Tinnitus: This Is what ear ringing does to Your-Brain.. [7191]'. The email content includes the text: 'Even brain doctors were left in complete awe... They just couldn't believe tinnitus has absolutely nothing to do with the ears... But with this one alarming thing that's happening inside your brain at this very moment...' followed by an MRI image of a human brain and the text: 'As the ringing you hear is, in fact, a symptom of another hidden condition.' A grey rectangular redaction box covers the sender's name and part of the email list.
